Retail Price Protection GAP

Introduction

Did you know that if your motorcycle is written off as a total loss through an accident, fire or theft, most motorcycle insurance companies would only pay out the current market value of your motorcycle and not the original purchase price of your motorcycle when you bought it?

For example, if a motorcycle* costing £8,000 was written off after 12 months, most motorcycle insurance companies would pay out the current market value, which might only be £6,500.

If you wanted to then replace your motorcycle with one of similar value, you would have to find the difference.

Or, if you had taken out finance to spread the cost of paying for your motorcycle, then you could find that the amount received from your motorcycle insurance company was less than the amount you still owed on your finance agreement.

In either event, you could be out of pocket – this is where Black Horse Motorcycle Finance Retail Price Protection GAP could help you.

*The word Motorcycle is used to describe motorcycles, scooters and mopeds throughout this leaflet.

Retail Price Protection GAP

If your motorcycle is written off and a settlement offer is made by your motorcycle insurer (or 3rd party through an accident management company), as long as you contact the Administrator Car Care Plan Ltd before accepting this offer and your Retail Price Protection GAP claim is accepted, we will pay you the difference between the amount paid out by your motorcycle insurer (or 3rd party through an accident management company) and the original purchase price you paid for your motorcycle.

If your motorcycle is subject to a finance agreement and the early settlement amount is greater than the original purchase price you paid for your vehicle then we will pay you the difference between the amount paid out by your motorcycle insurer (or 3rd party through an accident management company) and the finance early settlement amount. Any payment will be

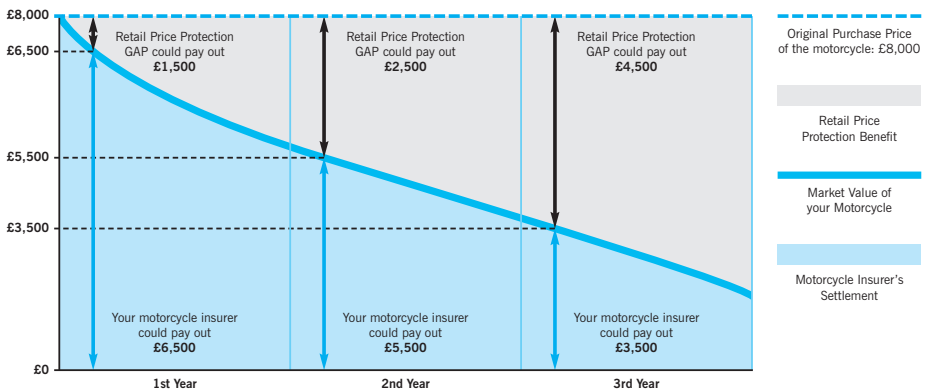

paid directly to the finance company on your behalf, and if there are any excess funds, these will be sent to you directly.

Excess Cover Option: You can select our additional excess cover option which may pay a contribution towards your motorcycle insurance excess up to a maximum of either £250 or £500 in the event of a total loss claim.

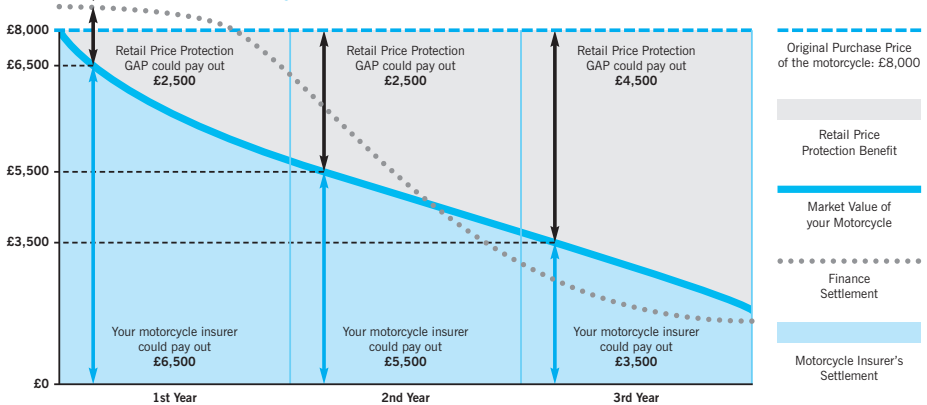

Whether you have purchased your motorcycle on finance or not, Retail Price Protection GAP could return you to the original position you were in when you first purchased your vehicle.

The charts below illustrate how much Retail Price Protection GAP could pay out if you purchased a motorcycle for £8,000 and it was written off in either the 1st, 2nd or 3rd year of your policy.

Your motorcycle is not subject to a finance agreement

Your motorcycle is subject to a finance agreement and the finance early settlement amount at the time of write-off is £9,000.

Making a claim

If your motorcycle is subject to an Accident, Theft or Fire incident, and your motorcycle insurer confirms your vehicle has been written off, you have up to 60 days to contact Car Care Plan to make a claim against your Retail Price Protection GAP Policy.

To receive the maximum possible benefit from your Retail Price Protection GAP policy, please follow the process below:

IMPORTANT NOTE

If you accept a settlement figure from your motorcycle insurer before talking to the Administrator and that settlement figure is less than the current market value of your motorcycle, you will only receive the difference between the current Retail Value of your motorcycle based on Glass's Guide Retail Value and the original price you paid for your motorcycle. You may therefore be left with an outstanding amount equivalent to the difference between the current market value of your motorcycle and your motorcycle insurer's settlement figure.

Frequently Asked Questions

Why must I contact the Administrator first before accepting a settlement from my motorcycle insurance company?

By contacting the Administrator first, as long as your claim is accepted, they will pay you the difference between your motorcycle insurer's settlement and the original purchase price you paid for your motorcycle or, if greater the difference between your motorcycle insurer's settlement and your finance early settlement figure. If you do not talk to the Administrator first and accept a settlement figure from your motorcycle insurer, which is less than the current market value of your motorcycle, they will only pay you the difference between the current market value of your motorcycle based on Glass's Guide Retail Value and the original purchase price you paid for your vehicle or, if greater the difference between the current market value of your motorcycle and your finance early settlement figure. This means that you may be left with an outstanding amount to pay equivalent to the difference between the current market value of your motorcycle and your motorcycle insurer's settlement figure.

Can I transfer my Retail Price Protection GAP policy to a new owner or a new vehicle?

It is not possible to transfer your Retail Price Protection GAP policy to a new owner. It is however possible to transfer it to another vehicle in certain specific circumstances. Please refer to 'Main exclusions and limits – Transferring your policy' on Page 8 of this brochure.

To be eligible for Retail Price Protection GAP, my motorcycle needs to be listed in Glass's Guide Retail Value. What exactly is Glass's Guide?

Glass's produces the leading British guide to used vehicle prices (the Glass's Guide). Glass's observes and records well over 1 million vehicle sale prices from a wide range of sources every year to deliver the most widely trusted valuations in the market. This is a trade guide and is widely used by motorcycle dealers, insurance assessors and finance houses across the motorcycle industry.

I am interested in taking out Retail Price Protection GAP; however the vehicle I am purchasing is for someone else – not for me. Is it still possible to take out GAP Insurance for that vehicle?

Yes, your vehicle will still be covered subject to the person being named on the motorcycle insurance policy for the vehicle. See policy documentation for full terms and conditions.

Can I cancel my policy at any time and get a refund?

We hope that you will be happy with your Retail Price Protection GAP policy. However, if this policy does not meet your needs and as long as you have not made a successful claim, you have 30 days from the date you received your policy documents to cancel the policy and get a full refund. There is no administration charge for cancelling your cover. After 30 days, you may be eligible for a refund of your premium based on how long you have had your Retail Price Protection policy.
